Georgia State University
“Responsible Conduct in Research” (RCR)
Learner Instructions

Enroll in a **RCR Learner Group** (Biomedical Research, Social & Behavioral Research, Physical Sciences (Physics, Chemistry) Research or Humanities Research):

- All learners conducting or planning to conduct **Biomedical Research** must complete all assigned modules and the associated quizzes.
- All learners conducting or planning to conduct **Social and/or Behavioral Research** must complete all assigned modules and the associated quizzes.
- All learners conducting or planning to conduct **Physical Sciences Research** must complete all assigned modules and the associated quizzes.
- All learners conducting or planning to conduct **Humanities Research** must complete all assigned modules and the associated quizzes.

Because there are a number of modules to complete, multiple log on sessions are encouraged.

You are required to achieve a passing score of 80% or better on the cumulative results from your required quizzes.

When you have completed the required modules and any applicable optional modules, you will be directed to the GSU institutional page to submit a **Course Completion Form**.

After you complete and submit the **Course Completion Form**, you will also be asked to
complete a short, anonymous, voluntary user satisfaction survey.

If you have any questions regarding these requirements, please contact your program director.
